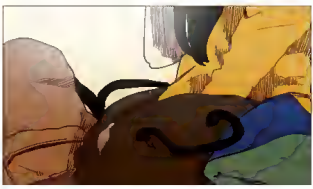
I'll leave this house

I've been thinking about saving up money so that when I graduated,

I would be able to live by myself



But I don't think I should stay here any longer

Ugly Duckling

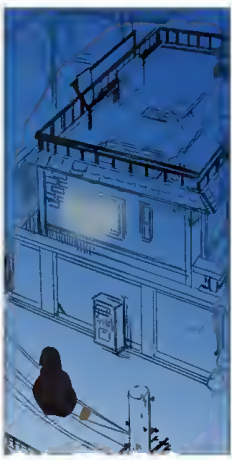
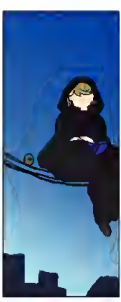
Chapter 4



Is she going to run away?

Really, now



I need to know where she's going next...

so that I can solve this quickly and easily

But I only received this in the middle of the story, so I don't know what'll happen...

It looks like the writers are being written about by their story*

How pathetic...
What are you talking about?
Phew~
HUK!
AHHHHH!
Why are you here again?!
I'm happy to hear your warm welcome.
.....
First and foremost, I've come because I forgot to give you something
Here.
What's this?
I forgot to leave you the book the teacher would've passed on to you.
There's another one?
Mr Beril, you haven't written a lot of stories, have you?

So...

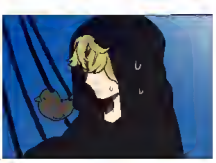
the teacher gave this to me to give to you.

Please have a good read through it

Besides that,

didn't you tell me you were going to finish this up quickly? What are you doing here?

Ugh.



Ah.

About that...

What are you going to do about that child?

Hmm.

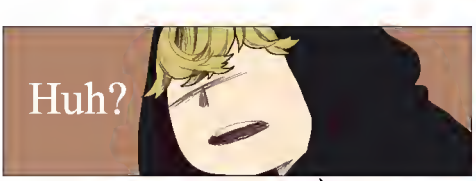
I'm still thinking...

I want to end the story as fast as possible...

Not yet, huh...

Well then leave it to me.

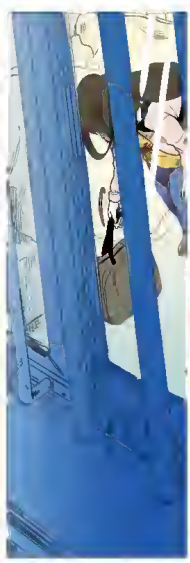
I shall write an appropriate ending.



Really? That fast?

We don't need to drag this on any longer. Let's just make her house catch on fire...

and write the ending quickly. Ori dies in a fire accident!



Ah..
No way..

I think..
ending it with a car accident is better.

.....

How outdated.

HEY!!
YOUR METHOD IS EVEN MORE OUTDATED!
WHO THE HELL WRITES STORIES AS IF IT'S SOME KIND OF SUICIDE RECORD?!

Huhu. My writing style is tough!

If you're going to end it, end it with style!

.....

That aside.

your attitude has changed a lot

I take it that you've changed your mind?

.....

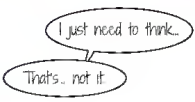
BANG

thud

flinch

tap tap

Phew...
That's not it...



I just need to think...
That's... not it.

First of all...
There's something I need your help with...

.....
??

Is it too early for people to be around ?

It feels like I'm all alone.

Ahh.
I ended up coming here again.

This is the only place that came up in my mind.

I feel bad asking, but I guess there's no choice.

TLN: "It looks like the writers are being written about by their story"

The term here is literally translated as "the people who write the story are inside the story, and the story is writing itself
